I recently had the pleasure of working with Kimberly Moulds from Smooth Transitions of Fredericksburg. I cannot say enough nice things about how effortless and stress-free Kim made of my mom's situation of moving from a single family home into an assisted living environment. The entire process simply put a smile on my face. Smooth Transitions accomplished a very professional, well organized, and stress free move in a timely manner. I highly recommend this organization to anyone who is faced with a change in living arrangements or are downsizing. They are excellent at what they do.

Many Thanks, JL
